

What Follows: A Print and Electronic Document Design

For the third year, *Examining the Work of State Courts (EWSC)* is being published in both a print and electronic format. By closely aligning their designs, the printed and electronic documents provide the user with an efficient on-line experience by delivering an interactive and seamless transition from one reading platform to another. The user still has complete access to the printed document, but also has a portable electronic PDF document that gives instant access to underlying data and links to external resources that give broader context to traditional Court Statistics Project data analysis. The added functionality will be seen by readers through special symbols and icons on *EWSC* pages (in both printed and PDF formats). Features and the corresponding navigation aides are as follows:

Bookmarks – a listing of section headings, tables, and charts located in a separate window on the left side of the electronic (pdf) file which allows quick and efficient navigation throughout the document.

Data Icon – clicking the 'Excel' icon opens a file containing the raw data for the graphic.

● **BJS Resource**

Bureau of Justice Statistics
Criminal Case Processing Statistics
www.ojp.usdoj.gov/bjs/cases.htm

Hot Tabs – clicking a 'hot tab' takes the user to a pre-programmed Web site destination. Six types of hot tabs have been designed for *EWSC*: On the Web, Statistical Guide, CSP Resource, NCSC Resource, BJS Resource, and CourTools. Web site destinations listed on the hot tabs are designed to expand upon subject material being discussed within the document.

*State Court Guide to
Statistical Reporting
or Guide*

Hot Links – integrated into the text with programmed Web site destinations. Hot links are indicated by red type and supplement the subject being discussed.

● **Electronic Feature Indicator** – most interactive electronic features in the document are indicated by a red line, which allows the user to see the location of clickable navigation features when browsing through a document.
